DEPARTMENT OF ENVIRONMENTAL PROTECTION
WARREN DISTRICT OFFICE

June 17, 2010

CERTIFIED MAIL NO. [REDACTED]

Re: CID NO. 271490
[REDACTED]

Act 223 Section 208 Determination
Sheffield Township, Warren County

Dear [REDACTED]

The Department has concluded its investigation of your May 18, 2010 complaint, of the possible contamination of your water supply by nearby oil and gas activities. It was apparent from the visual appearance and water test results from samples taken on May 18, 2010, that during the drilling of [REDACTED] conducted by Duhring Resources, drill cuttings had contaminated your water supply. However, sample results from water tests taken on May 26, 2010 indicate that all parameters are within drinking water standards and that the contamination was not long term.

Enclosed are the complete water sample analysis results from May 18, 2010 and May 26, 2010, as well as a fact sheet to help you interpret the reports. If you have any questions, or if any future issues arise, please contact me at 814-723-3273.

Sincerely,

Richard Mader
Water Quality Specialist
Oil & Gas Management
