DEPARTMENT OF ENVIRONMENTAL PROTECTION
NORTHWEST REGIONAL OFFICE

December 23, 2010

Re: Complaint No. 274735
Act 223, Section 208 Determination
Jones Township, Elk County

Dear :

In response to your complaint of October 4, 2010, the Department has investigated the possible contamination of the water supply at your camp by oil and gas exploration activities.

After reviewing your water sample analysis results and upon further investigation, the Department has concluded that your water well has been affected by activities associated with Mr. William Brawand's oil and gas operation. The Department has contacted Mr. Brawand and will be working with him to restore your water supply.

Enclosed are your water sample results. If you have any questions, please contact John Thomas, Water Quality Specialist, at 814.797.1191.

Sincerely,

S. Craig Lobins, P.G.
